

Developing Teaching Programme – The DTP Secondary

Aimed at	Secondary teachers who need to develop their practice to ensure good progress for pupils		
School impact	<p>This is a bespoke coaching programme, centred around the teacher standards, to improve the quality of teaching across the academy and therefore pupils' progress. Coaches will receive training at a regional launch to ensure consistency of approach across academies.</p> <p>Facilitated by experienced and current practitioners in each academy. The programme will be delivered through a triad model of support. Teachers will be given a named coach, who they will meet on a weekly basis. Coaches will provide professional development support to help teachers to improve their practice and therefore impact upon pupils' learning. The 6-week programme will include:</p> <ul style="list-style-type: none"> An initial self-assessment and skills audit with line manager An assigned coach and mentor Weekly meetings in triads to include task setting and bespoke action plans Opportunities to observe best practice in academies Completion of weekly tasks and collation of evidence base Evaluation against teacher standards on completion Opportunities to become future coaches
